

A diagram illustrating a data flow process. On the left, a light blue rectangular box with a dashed teal border contains the text "Variational server". A dashed teal arrow points from the right side of this box to the left side of another light blue rectangular box with a dashed teal border on the right. This second box contains the text "Recipient n". Below the space between the two boxes, the text "V · Senders m ≠ n only" is written.

Variational server

Recipient n

V · Senders $m \neq n$ only
